I read one of the reviews saying the style of gameplay is similar to Final Fantasy Tactics (One of my favorite games). It is nothing like that, with the exception of the chessboard setup of the levels. I have never played a game this unbelievably slow in all my life. I really really really wanted to like it. I got 2 hours in trying to engage with the story but it is just so dry and tedious.. Very good game and a very good implementation of the mechanics

7/10 -IGN

Needs more Waterlevels. Crosswords is a very good game as it stands right now. Still got a ways to go. I see several people complaining about lag and fram drop but ive had none. Large map to roam around and with no map to view it makes it more of a task to survive. The developer Lex is very good about responding where he is needed in the forums and excepts suggestions and complaints very well. This has the making of a great game in the future for people who like survival sandbox games. So my Final review: Must have.. amazing dlc for total war rome. The control aren't well done, UI is weird, no straight objective, the aiming and recoil feel off compared to most fps, the coloring and wheater also bad, I got blurred image where ever I move my character, followed with dark circle on the UI IDK why. Not worth it, unless it's free then you can give a shot. Oh? I like this one.. pretty good game. This game is amazing.

The only thing that sucks is the playerbase being small.

Other than that, this game is Amazing, the controls are smooth and the graphics are nice. the main idea of shooting to cover turf is pulled off flawlessly.

Please buy this game and help out the community. I just purchased all the DLC yesterday on sale. I played first job and I have to say it's pretty addictive and fun!! This is definitely going to be a Let's Play series on my YouTube channel!

Woaw... Deep f\*\*cking Woaw. This game is better and scarier than he first game,I hope the 3rd one is better and I would recommend this to any one so I give this game a 100V10,so anyone who is thinking of playing his game DO IT JUST DO IT ITS SCARY BUT FUN!!!!. Game was designed with interesting puzzles, beautiful artwork, and an awesome soundtrack. There are some pretty cool mechanics and you really have to think outside of the box at times to complete each area.. An excellent benchmarking tool. You can find it out there for less than \$10, so this is very much worth picking up.. Could never survive more than 10-15 minutes even on easy... far to difficult.
